I liked this show far better than many of the others. It doesn't show any dramatic reenactments to scare the viewer and it allows the witnesses to tell the story without any presumptions as to how much or how scary the event was to make it seem more frightening.

The Haunted (TV Series 2009-) - IMDb

Animal Planet only aired three seasons of THE HAUNTED (2009-2011) but this should have continued because it is one of the best quality paranormal programs produced for TV. Each episode is based on allegedly true events where negative entities affected families and their pets.

Amazon.com: Watch The Haunted Season 3 | Prime Video

"The Haunted" incorporates many dynamic elements into each show, including interviews with the family affected, a focus on the pets and their reaction to the haunting in the home, Paranormal Researchers who record with video and sound, sometimes capturing creepy things, a psychic or demonologist, and archival research about the history of the property.
