CCST Objective. The objective of the Center for Control Science and Technology is to meet the challenges of a rapidly changing, technology-driven, global society by partnering with industry and other universities to:

Center for Control Science and Technology - Erik Jonsson ...

Today, the National Science and Technology Council's Task Force on Science and Technology for Zika Vector Control is releasing a Strategy for Integrating Best Practices with New Science to Prevent Disease Transmission by Aedes Mosquito Vectors as part of a series of responses to address Zika. The Strategy details S&T opportunities in five ...

Vector-Control Science and Technology to Manage Zika ...

This speaks to the role of human effort in obtaining goals. With the control possibilities made available by science and technology this may be reversed to where there is a way there is a will. The myth of Frankenstein implies that we must be ever vigilant to be sure that we control the technology rather than the reverse.
