For Erich Fromm, everybody's main goal in life is to become stronger, freer, more noble - essentially, the person you were meant to be. This is representative of his humanistic perspective, which was revolutionary for such an important figure in psychology at the time. When psychoanalytic theory is referenced, some people make the mistake of viewing it as a rigid and specific entity made ...

We aim to investigate the impact of marketing science articles and tools on the practice of marketing. This impact may be direct (e.g., an academic article may be adapted to solve a practical problem) or indirect (e.g., its contents may be incorporated into practitioners' tools, which then influence marketing decision making).

From academic research to marketing practice: Exploring ...

This course is the second semester of a sequential, structured introduction to the basic elements and principles of two-dimensional design. Organized to create a broad introductory experience, students will build upon the visual and a verbal vocabulary, media, techniques, skill development and processes acquired during the fall semester.

Highlights We review the origins of the 'social license to operate' (SLO) in the mining sector. Northern Canada is used to demonstrate the context-specific nature of SLO. Shifts in governance and a focus on sustainability have enabled SLO to emerge. Complex configurations of state, market and civil society actors and institutions are additional influences on SLO. Further research is needed ...

William Kentridge (born 28 April 1955) is a South African artist best known for his prints, drawings, and animated films. These are constructed by filming a drawing, making erasures and changes, and filming it again. He continues this process meticulously, giving each change to the drawing a quarter of a second to two seconds' screen time.
