About us - Kessler

Information and communications technologies (ICTs) have enabled the rise of so-called "Collaborative Consumption" (CC): the peer-to-peer-based activity of obtaining, giving, or sharing the access to goods and services, coordinated through community-based online services. CC has been expected to alleviate societal problems such as hyper-consumption, pollution, and poverty by ...

The sharing economy: Why people participate in ...

Fig. 2 illustrates the distribution of publications according to sustainability dimensions. 5 The number of papers increased continuously over the years. Interestingly, despite the existence of social and environmental reporting in the 1970/80s (e.g., Fifka, 2012, Kolk, 2010), the growth of sustainability reporting in the new millennium seems to have invigorated the entire field of research.

Determinants of sustainability reporting: a review of ...
