### **Politics And Women**

Gender representation has been a significant issue in Canadian politics.. The first woman elected to the House of Commons of Canada was Agnes Macphail, in the 1921 election. Although female representation in politics has increased since then, and political parties have identified increasing the number of female candidates as an organizational and political goal, women are still significantly ...

The Republic of Turkey was founded on the ashes of the Ottoman Empire on 29 October 1923. Although the political power of some Valide Sultans (queen mothers) over the Ottoman Sultans was considerable, especially during the era known as the Sultanate of Women, women had no chance to serve in any official political post in the Ottoman era.. One notable female political activist in the first days ...

While some women have been involved in political life since the founding of the first Jewish political institutions at the turn of the century, women in Israel are still underrepresented in many areas of public life. Despite entrenched myths of equality between men and women, women face a wide gap between the excellent legislation on record and the difficult realities facing those women who ...

Aristotle: Politics. In his Nicomachean Ethics, Aristotle (384-322 B.C.E.) describes the happy life intended for man by nature as one lived in accordance with virtue, and, in his Politics, he describes the role that politics and the political community must play in bringing about the virtuous life in the citizenry. The Politics also provides analysis of the kinds of political community that ...
