Nothing can beat a piece of pristine, truly fresh fish. Yet what's sold as fresh salmon isn't always better than frozen salmon. In fact, it isn't necessarily always fresh. Instead, it's often fresh-frozen, meaning it was frozen after being caught, shipped to your fishmonger or grocery store, and defrosted for sale.

Choosing the Best Fresh or Frozen Salmon

Fresh too often simply means "thawed"; you can never be certain with previously-frozen product: how long it has been thawed, how long after it was caught until it was frozen, or if it had been thawed or refrozen one or more times before. Wild For Salmon strives to make harvesting, processing, and transportation as transparent as possible.

Fresh Salmon vs Frozen Salmon - Why We Stand By Once ...

To cook frozen salmon, start by pulling the salmon out of the freezer and rinsing it off with some cool water. After it is rinsed, pat the salmon dry with some paper towels and then brush both sides with some olive oil. To cook it in a pan, preheat a pan to medium high and then place the salmon skin-side up on the pan to let it sear.
