Las habilidades blandas, competencias blandas o habilidades suaves, [2] a veces denominadas en español directamente con el término inglés soft skills, son una combinación de habilidades interpersonales, habilidades sociales, habilidades de comunicación, rasgos de la personalidad, actitudes, atributos profesionales, [3] inteligencia social e inteligencia emocional, que facultan a las ...

Soft skills - Wikipedia, la enciclopedia libre

Highlights Achievement tests miss—or mis-measure—soft skills including personality traits, goals, motivations, and preferences. Soft skills predict and produce success in life. Programs that enhance soft skills have an important place in policy portfolios.

Hard evidence on soft skills - ScienceDirect

Air Assault School is widely known as a tough course and, by design, it weeds out those who don't meet the requirements. The road marches, obstacle courses, sling-load operations and rappelling are physically and emotionally demanding; however, probably the most important task the Soldiers must master during the two-week course is attention to detail.

Training « Soldier Combat Skills

The KINSTRETCH system is one born out of scientific research. All of the movements and training techniques have been selected based on a meticulous and rigorous investigation of evidence, conducted by physical conditioning and medical experts, as it pertains to body control, injury prevention, joint health, and physical longevity.
