### **Stuff Reduce Reuse Recycle**

Reduce, Reuse and Buy Recycled. REDUCE. Buy in bulk: Large "family size" containers require less packaging per pound than small "single serving" packages. In addition to conserving resources, buying in bulk will also generally save you money! Look for items with little or no packaging: Many items come in a variety of packaging styles. Choose unpackaged items and concentrates whenever possible.

### **Reduce, Reuse and Buy Recycled - Franklin County**

The Freecycle Network is a grassroots and entirely nonprofit movement of people who are giving (and getting) stuff for free in their own towns. It's all about reuse and keeping good stuff out of landfills.

### **The Freecycle Network**

According to Planet Ark, 85% of Australians now think that recycling at home is the right thing to do. That's not surprising, because the last two generations have had a brilliant anti-waste motto drilled into them: reduce, reuse, recycle.

### **Beyond reduce, reuse, recycle: 9 tips for a sustainable life**

This Section is Different! Sometimes being different is a good thing. This is especially true for our Reduce & Reuse section. There are many items that do not need to be thrown away but can't be put into your blue recycling bin or yard waste container.

### **Reduce & Reuse Archives - Less Is More**

Reuse is our reason for being. It's what we do. And we think it's what you'll do after realizing the power and positive impact it can have on the world.

### **Rethink, Reduce, Reuse & Recycle | Value Village**

### **Reduce, Reuse, Recycle Lessons, Worksheets and Activities**

Sites encouraging reuse. Don'tDumpThat provides a quick, easy, and free way to get rid of items you don't want. So if your junk still has some reusable life in it, don't throw it out with the rubbish: someone, somewhere can probably find a use for it.

### **Reuse everyday items « Recycling Guide**

Reuse is the action or practice of using something again, whether for its original purpose (conventional reuse) or to fulfil a different function (creative reuse or repurposing). It should be distinguished from recycling, which is the breaking down of used items to make raw materials for the manufacture of new products. Reuse - by taking, but not reprocessing, previously used items - helps ...
