Project-based learning (PBL) is a student-centered pedagogy that involves a dynamic classroom approach in which it is believed that students acquire a deeper knowledge through active exploration of real-world challenges and problems. Students learn about a subject by working for an extended period of time to investigate and respond to a complex question, challenge, or problem.

Project-based learning - Wikipedia

Welcome to Longwood Senior High School In collaboration with our families and communities, Longwood High School's mission is to create a climate that provides a quality educational program guided by the principles of pride, respect and responsibility, and to prepare all students to be successful, contributing members of a rapidly changing and diverse global society.
