The digital television transition, also called the digital switchover, the analog switch-off (ASO), or the analog shutdown, is the process, mainly begun in 2006 (for terrestrial broadcasting), in which older analog television broadcasting technology is converted to and replaced by digital television. Conducted by individual nations on different schedules, this primarily involves the conversion ...

The domain name .tv is the Internet country code top-level domain (ccTLD) for Tuvalu.. Except for reserved names like com.tv, net.tv, org.tv and others, any person may register second-level domains in TV. The domain name is popular, and thus economically valuable, because it is an abbreviation of the word television. In 2010, nearly 10% of the revenue of the Government of Tuvalu came from ...
